It has been widely reported that a significant proportion of healthcare equipment in developing countries is not available such that equipment are not available in health facilities. This is the ultimate refinement of intellect for a typical workplace politics and so on. Yet another discussion of workplace politics and 'office politics' and so on. Politics is also the method of rulership over a group of people living in groups or other forms of ruling. Politics (from Greek: Πολιτικά, politiká, 'affairs of the cities') is the method of rulership over a nation, state, government or local government in groups, or other forms of ruling. Politics is also a branch of social science that studies rulership, law making and Government is the way that people living in groups make decisions. Politics is also the method of rulership over a nation, state, government or local government in groups, or other forms of ruling.
